

# MWYF Outcomes & Statistics

## History of MWYF

### Students Served

Since its inception, there have been 638 non-replicated students in the TnT program.

In 18 years, nearly 20,000 children have been impacted by MWYF and its programs.

### No Teen Parents

No active MWYF student has become a teen parent. Our zip code has the highest rate of teen pregnancies and STDs in the city.

### Less Disciplinary Problems

Only 2 participants have had DJJ involvement while in the program. Zip code 32209 has the highest incidence of juvenile crime in the city.

### On Time Graduation

100% of our high school students have graduated on time (compared to 71% of Duval County & approximately 54% of Northside schools).

## TnT SNAPSHOT (2014-15)

Students promoted to the next grade	<b>95%</b>
Total Participants	<b>214</b>
